

APC BODY WITH SNAP-IN TERMINATION

The new **Snap-In APC** is designed for streamlined integration into packaging applications. The APC product line extension features a new termination style that allows the connector to snap-in to a flexible plastic flange.

APPLICATIONS: Packaging, Personal Hydration

KEY FEATURES:

- **Snap-In Termination:** Unique termination allows for direct packaging integration
- **Shrouded Design on Latch:** Protects against accidental disconnects
- **Combability:** This APC body is compatible with standard APC insert offerings
- **FDA Approved Materials:** Raw materials used in this assembly are FDA approved for food contact
